EZ STREET DELIVERS!

A proven Canadian track record has repeatedly demonstrated that EZ Street is the superior product.

- No mixing or tack coat required
- Any weather condition. Install in the rain or snow when air temperatures are between -18 °C and 38 °C
- Minimal installation crew
- No waiting for hot mix asphalt
- No time or weather constraints
- No material waste | Can be returned to stock pile
- Long shelf life
- More square metres paved or repaired with the same tonnage
- Environmentally friendly – ask us about our Bioblends formula
- Ready to use anytime, anywhere including remote locations
